## PRODUCT DATA SHEET

### ASLA-2

#### Anti-Silking Leveling Agent-2

Product #205

#### Applications

ASLA is a Polyvinyl Ethyl Ether Solution. Systems for this silicone-free additive are: acrylic resins, alkyds (long, med., short oils), polyamide, polyester and urethane.

#### Benefits

- Improves Color Development
- Improves Leveling
- Improves Gloss
- Controls Surface Flooding and Floating
- Silicone-Free
- Recoatable

#### Recommended Use Levels

3 lbs. to 8 lbs. per 100 gal. (0.5% to 1.5% of total weight). Add during grind for pigmented systems; add to let down for non-pigmented systems.

#### Typical Properties

**Visc.:** 18 - 25 cps

**Color:** Clear

**Sp. Grav.:** 0.887

**Solvents:** Aromatic 150, Ethanol

**Wt./Gal.:** 7.39 lbs./gal
