## PRODUCT DATA SHEET

### 901-GDA-2

#### 901 Grinding and Dispersing Aid

Product #206

#### Applications

**901-GDA-2** is a Polyvinyl Isobutyl Ether Solution. Systems for this silicone-free additive are: acrylic resins, alkyds (long, med., short oils), polyamide, polyester and urethane.

#### Benefits

- Improves Color Development
- Improves Leveling
- Improves Gloss
- Controls Surface Flooding and Floating
- Silicone-Free
- Recoatable

#### Recommended Use Levels

3 lbs. to 8 lbs. per 100 gal. (0.5% to 1.5% of total weight). Add during grind for pigmented systems; add to let down for non-pigmented systems.

#### Typical Properties

**Visc.:** 15-18 cps

**Color:** Clear

**Sp. Grav.:** 0.887

**Solvents:** Aromatic 150

**Wt./Gal.:** 7.39 lbs./gal
